

# SPARKS OFF THE WIRES

San Francisco—Francis J. Heney says that he is conserving every ounce of strength in his body, and that he will be on hand to attend to the finishing details of the Ruel trial.

San Francisco—The California State League Baseball club has finished its season, with the Stockton team winning the pennant by the narrow margin of a single game. San Jose won second place and Sacramento third. The season was the best in the history of the State league, which put up a brand of ball equal to the Pacific Coast league clubs.

NEW YORK—It has developed that the German government paid the Century Magazine \$50,000 to not publish an interview with the kaiser which was secured by Wm. Bayard Hale recently, and which had to do with present European political complications. The government feared that the statements of the kaiser were too intemperate, and that in view of the delicacy of the Balkan situation its publication might cause serious complications with other powers. The authority for this statement comes from a leading German publication.

Rome—A pontifical mass was celebrated Monday morning at St. Peter's by the pope on the occasion of the fiftieth anniversary of his joining the priesthood. It was the most impressive ceremony witnessed in Rome since the coronation of the pontiff. There were present not less than 70,000 of the faithful who had come to Rome from all parts of the world.

Seattle—A special to the Post-Intelligencer from Nome says: One of the most interesting contests ever witnessed on Seward peninsula was a race between a race horse and dog team here Saturday, the dog team winning by fifty seconds in a ten-mile course.

Belgrade (Serbia)—Hostility to Austria-Hungary is spreading among the population of Bosnia and Herzegovina and in several districts an outbreak of guerilla warfare is threatened. By order of the Austrian authorities a number of prominent Servians are being confined to their homes. The garrison at Trebinje has been reinforced by 10,000 men and preparations for its defense are being made. Frontier incursions of Montenegrin troops into Bosnia and Herzegovina are expected.

Redding (Cal.)—Fifteen of the most prominent hotel and saloon men in Redding were arrested Wednesday afternoon for having nickel-in-the-slot machines. The contrivances had been turned to the wall for a year until Saturday evening, when they were opened up again. H. H. Blaugh, a business man, swore to the complaints.

# REVOLUTION BREWING IN GUATEMALA

TACOMA (Wash.), Nov. 18—Revolution is brewing in Guatemala and a former high officer of the little republic's army is in Tacoma to organize a force of rough riders to accompany him to that country to serve President Cabrera as a body guard. The pay offered is \$100 a month in gold. The name of the officer is withheld for obvious reasons. To local newspapers this officer has shown an autograph letter from President Castro urging him to return soon with as many rough riders as he can get. Publicity concerning the expedition is not desired for the reason that federal officers might make an inquiry and handicap the movement. Cabrera's representative says:

"I have had long experience in Central and South America, in Brazil, Argentina and the smaller republics, especially in Guatemala, where I was a political prisoner after the recent revolution for two years. President Cabrera is a wise and capable leader and likes to surround himself with American guardsmen. There is plenty of opportunity down there for men in search of excitement and adventure. Evidently the president is having his troubles."

George Watt of Austin is in town.

# POSTAL WILL GIVE A FINE WIRE SERVICE

Key Pittman, president of the Southern Nevada Telephone company, is en route to New York City to complete arrangements with Clarence H. Mackay of the Postal Telegraph and Cable company for installation of the Postal system throughout Nevada, the lines now being constructed.

The object of Mr. Mackay is to make the Postal a transcontinental service and Nevada will furnish the last link in the chain by the consolidation of the Postal with the Southern Nevada Consolidated systems. The latter already have lines from Rhyolite to Goldfield and Tonopah, and from Carson to towns 100 miles south. Arrangements have been completed to extend the wires to Reno, following the Sierras out of Carson. From Reno the line will extend to Sacramento. The enterprise will cost easily \$150,000.

Self-operating typewriters will figure in the new venture, the first experiment to be conducted in Nevada. The elimination of operators is the main idea. The typist presses the keys of the machine and the message is received by a typewriter at the other end of the wire and produced mechanically.

The largest consignment of whisky ever received in Tonopah was delivered yesterday to Summerfield and Johnson. It was a shipment of seventy-five barrels of Belmont double-stamp 1901 whisky, and was sold by the H. J. Hall Liquor company.

# BAKER-PERKINS WEDDING LAST NIGHT AN EVENT

(Associated Press.)

Yesterday was the day set for the wedding of Cleve Baker, district attorney-elect of this county, and Miss Pansy Perkins, the accomplished daughter of Senator George C. Perkins of California, who resides at Oakland. Details of the wedding did not reach Tonopah yesterday, as the wedding did not occur until 9 o'clock in the evening, but the following, clipped from the society notes in the Oakland Tribune of Monday will be of interest to all the many friends of Mr. Baker. In forecasting several Oakland weddings of Wednesday, the Tribune said:

"Wednesday will be a day of weddings, for upon that day the wedding of Miss Pansy Perkins, and Cleveland Baker, the Tonopah attorney, will be solemnized at the Perkins home, Palm Knoll, in the evening. It was hoped by the many friends of the young people that they would choose to have a church wedding, but owing to the continued illness of Mrs. Perkins it was decided to have the ceremony at home. It will be strictly a family affair. The guest list includes thirty-five. The east side of the beautiful home will be arranged and decorated for the occasion. Miss Perkins will be attended by her cousin, Miss Alma Perkins, as maid of honor, and the bridegroom will have the assistance of Charles de Young as best man. The service will be read at 9 o'clock. The appointments will be very beautiful as befits this youngest daughter of the family.

"After the wedding the young couple are to leave upon an extended wedding tour. They will return to Oakland for New Year's, after which they will leave for Tonopah, where they are to make their future home."

# ASSEMBLY VOTE RECOUNT MAKES TANGLE

Matt Kane yesterday filed a petition asking for a recount of the votes cast for the assembly candidates. On the official count Kane won out over Branch Smith by one vote. Then when Smith asked for a recount he won by six votes. And yesterday when the count of the precincts was finished it was found that Kane had won by a majority of eight. Kane's principal gain was in the Manhattan precinct, where thirty-one ballots which were thrown out were counted. Of this number Kane received twenty-two votes and Smith nine. The total number of votes received by both men now stand as 1011 for Kane and 1003 for Smith. This insures the election of Smith and Kane and places Charles Wonacott in the also ran column. The result was quite a surprise to the public, for it was thought that the election of Wonacott was assured. In all probability he will contest the vote and ask for a recount of all the precincts.

# GRAND JURY IS STILL AT WORK

The grand jury is still investigating the case of the high-graders. Yesterday a committee from that body was present nearly the entire day at the Tonopah assay office, having assays made of the ore taken from the houses of the men under arrest. It is presumed that the inquisitorial body is going thoroughly into the matter, and it will probably be several days before it makes a report.
